Location: [Kiambu, Kenya]

Objective

A dedicated and passionate ICT graduate of Bachelor in Information Communication and Technology seeking an internship opportunity as a software developer. I am proficient in HTML, CSS, JavaScript, and have experience with responsive web design. I am also familiar with Git for version control, possess strong problem-solving and debugging skills, and have a basic understanding of database concepts (e.g., SQL). I am eager to contribute to meaningful software projects. My foundational knowledge of networking, cybersecurity, and AI enhances my ability to develop well-rounded and secure applications.

Education

Bachelor in Information and Communication Technology

Scott Christian University | Machakos | 2024

Focused on Web Development, Networking, Cybersecurity, and AI.

Grade: Second class Upper division

OLC Mugoiri Girls High School

Kenya Certificate of Secondary Education (KCSE) | 2019

Key Subjects: Mathematics, Computer Studies, Physics, English

Grade: B-

Key Skills

Software Development Focus:

Web Development: Skilled in creating user-friendly websites with HTML, CSS, and JavaScript.

Application Development: Experience building software, showing ability to create working programs.

Problem Solving: Good at finding and fixing technical issues, a key part of software development.

Supporting Skills:

Networking: Understands basic network setups, helpful for building web and online software.

Cybersecurity: Knows how to keep systems safe, important for creating secure software.

AI Basics: Has a basic idea of AI, which can be used to add smart features to programs.

Technical Support: Experienced in fixing computer problems, useful for debugging software.

System Management: Able to keep computer systems running smoothly, showing good organization.

Teamwork: Good at communicating and working with others, important for software projects.

Leadership Experience

Coordinated and facilitated communication between students and lecturers for four years.

Organized meetings, study groups, and events, helping students navigate academic challenges and stay informed.

Improved problem-solving skills through conflict resolution between students and faculty.

Extracurricular Activities

Member of the university's ICT club, participated in hackathons and tech workshops.

Member of the Class representative association ensuring smooth communication between students and lectures.

Languages

Fluent in English and Swahili.
